

Student Involvement in Habitat for Humanity

Working at the ReStore: For individual volunteer hours, the ReStore is ideal! For groups of five or less, you can just come to the Restore ready to work during operating hours. It is not necessary to schedule ahead of time, your efforts are always welcome!

*Thursdays 1pm-4pm
Saturdays 9am-2pm*

Working on the House Site: Each house that Habitat for Humanity builds, takes about three and a half months from start to finish. Crews are put together to work every Saturday during the construction phase weather permitting. This opportunity is great for large groups. Call the Office phone number to sign up.

Fundraising: Habitat for Humanity of Bulloch County depends on local contributions from the community to buy building materials for each house. If you are interested in planning a fundraising project, you may call the office or e-mail your Community Liaison for Habitat for Humanity of Bulloch County. You will be eligible to receive community service hours for any time spent working on the project.
